You look
well.

I liked the way you
stood with your
hands in your
pockets lol that's just
such a normal boy
thing to do.

Yea memories can
be chill and small
like that, isn't that
nice?

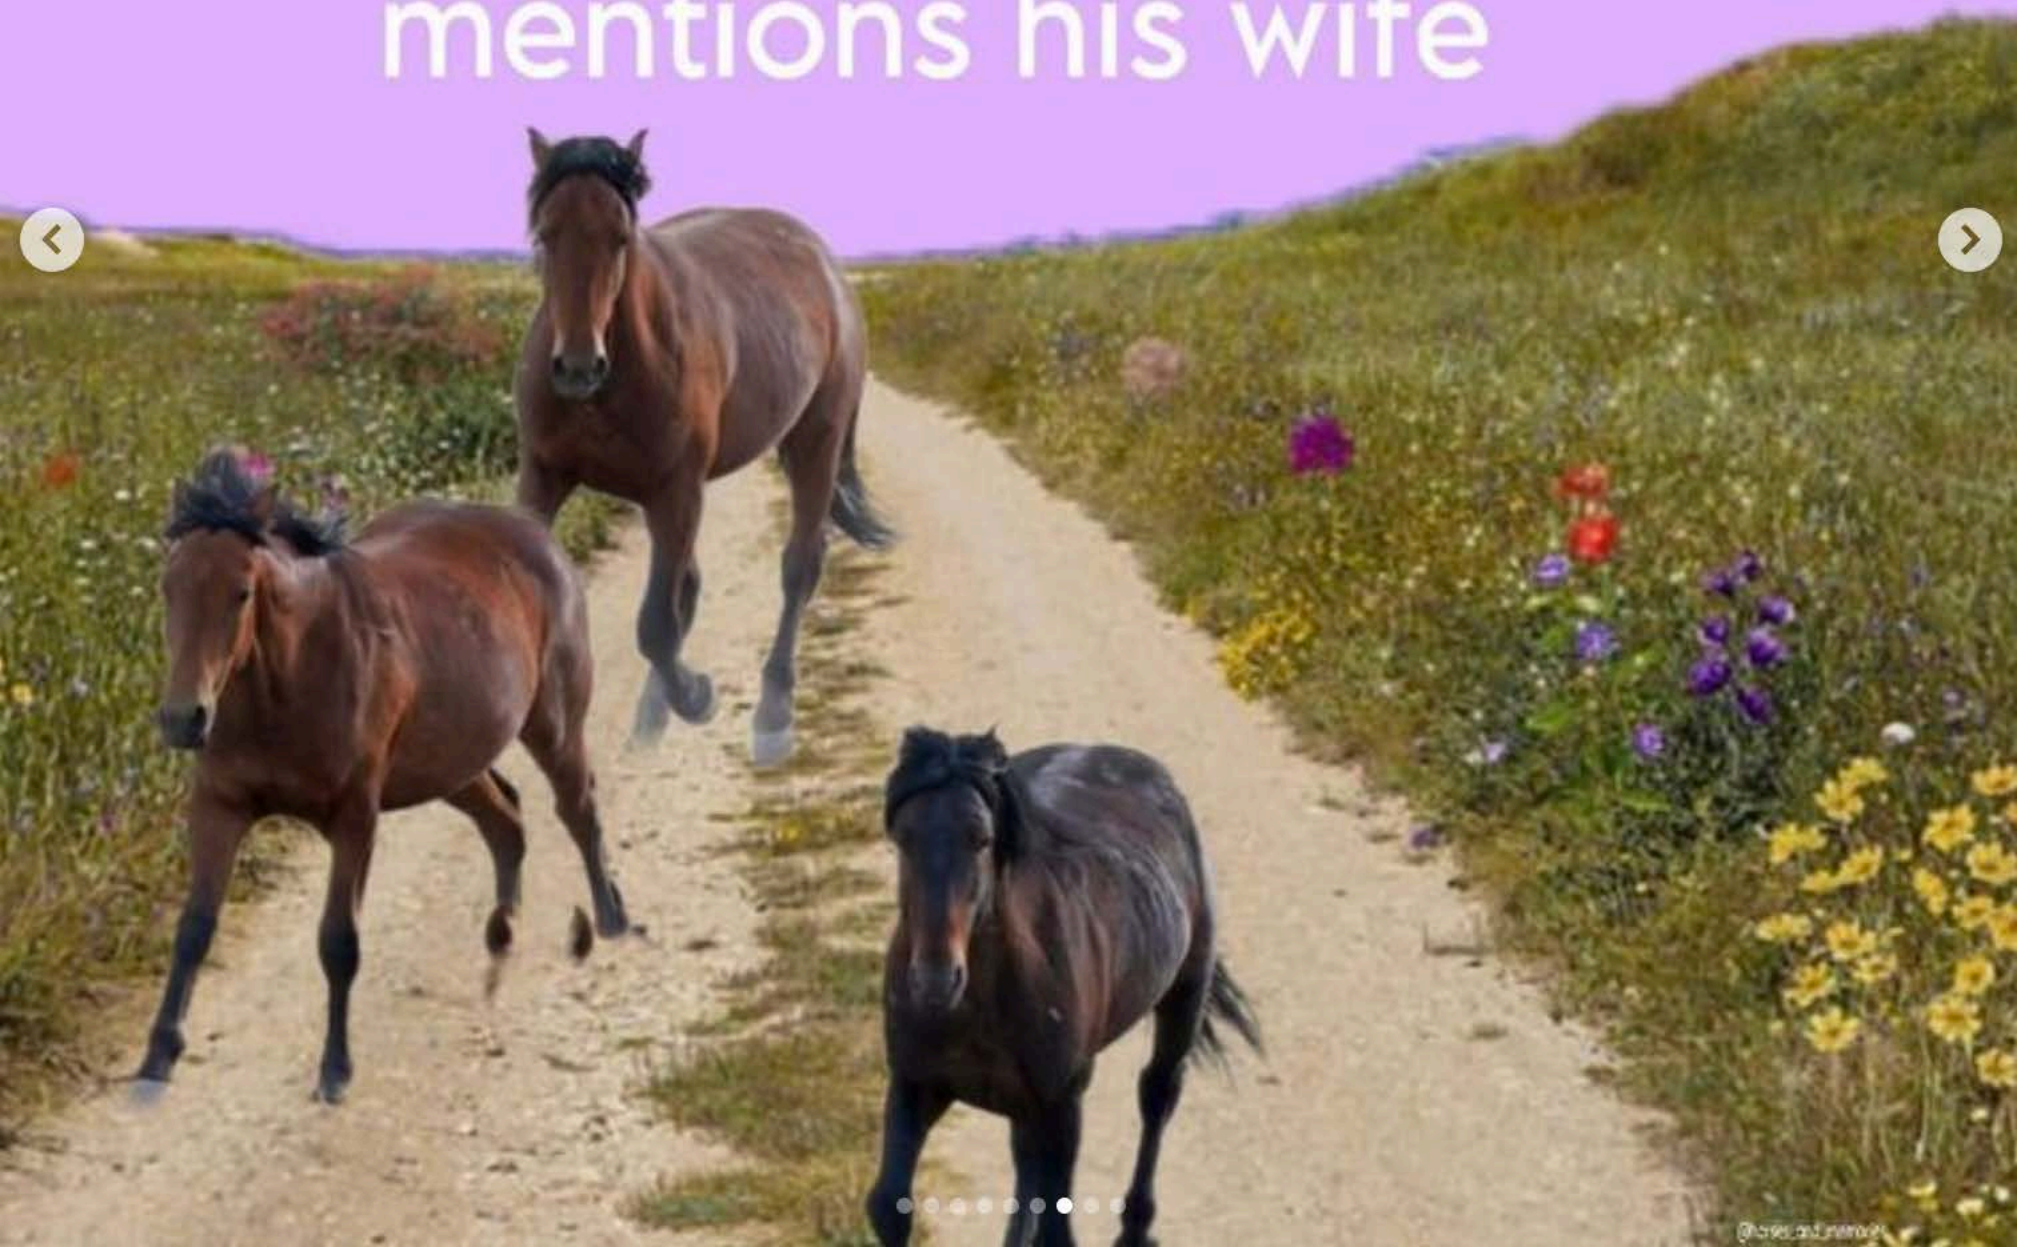

I didn't do that much today.
Checked my email, cast a
shadow,
took an edible, forgave
everyone

No I'm like really busy though, like I have to kind of figure out what forgiveness means to me? And then I have to look at old photos of my mother smoking cigarettes with her art school friends? And then I have to try and find the cicada that's screaming somewhere in my living room, she's definitely somewhere here.

I love it when I'm talking to a
Man and he immediately
mentions his wife

I wasn't flirting with you.
I'm just making eye contact
and being pretty at the
same time.

Please God forgive me 🙏
for being so sweet and
cute 🙏
