

here we go again

how can I care  
about such silly  
things when there  
is such grief in the  
world

ur not a  
Buddhist you're  
just a girl

don't invalidate  
your feelings

I don't know. It shocks  
me every time.

I feel like my body  
hasn't been following  
my brain at all lately

Brain says get out body says curl into me.  
Brain says move on body says lol no.

I think I'm ready! To be loved right!

I still think sometimes I'm  
insane

Aw but you have all  
those sweet affirmations  
in your journal

Girl-nal. Hehe girl  
journal

Lol I forgot how to write  
journal for a sec was  
writing gurnal
