

A detailed figurine of a brown horse with white markings on its face and legs, standing on a pink background. The horse is depicted in a standing pose, facing right. It has a light brown coat with a white blaze on its face and white socks on its lower legs. The figurine is set against a solid pink background.

? no? I think
dignity is actually
very appropriately
rated.

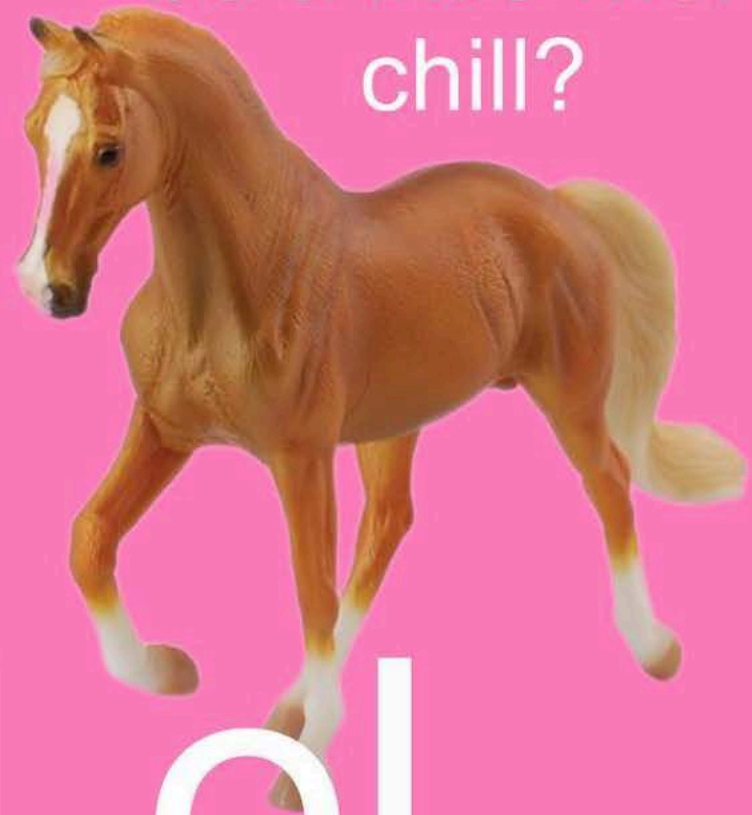

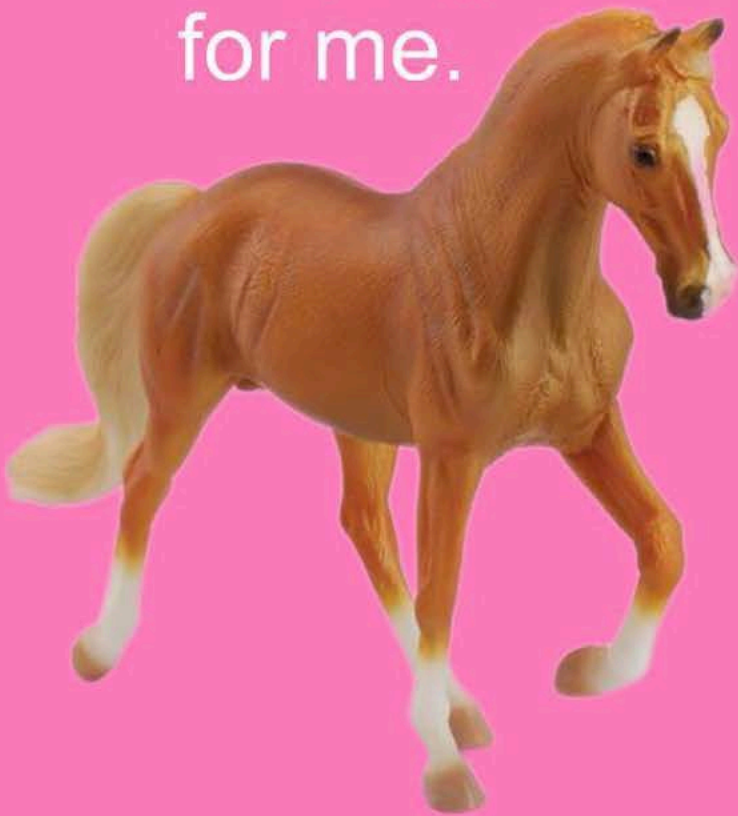

...

do not call him.

Tbh I'm beginning
to think I really do
need to be celibate
until someone just
like, confesses
their undying love
for me.

or you can just
like, learn to
be a little more
chill?

Lol

Lol yea that's not
going to happen.....

It was so fucking
good.

YOU are fucking
good! Move on. You
should like, focus on
not getting fired from
your job.

Why would you say that?

You are literally in your suit sequestered at a cubicle making horse memes about missing a man. this is an HR violation.

That'd be such a funny sentence written in a termination notice.

You have rent to pay.

Dont worry im going to find a sugar daddy, now that, you know since...

...since my husband left me
lol

So like when he asked me to be monogamous after the second time we hooked up, yea maybe I should have seen it as a red flag, but tbh I was like, well obviouslyyyyyy he would react that way? Cuz I'm so hot you know? But then idk why he got all upset when I told him he needs to step up his game if he wants that. I was literally just asking for like? More communication

You attract the weirdest fucking people.

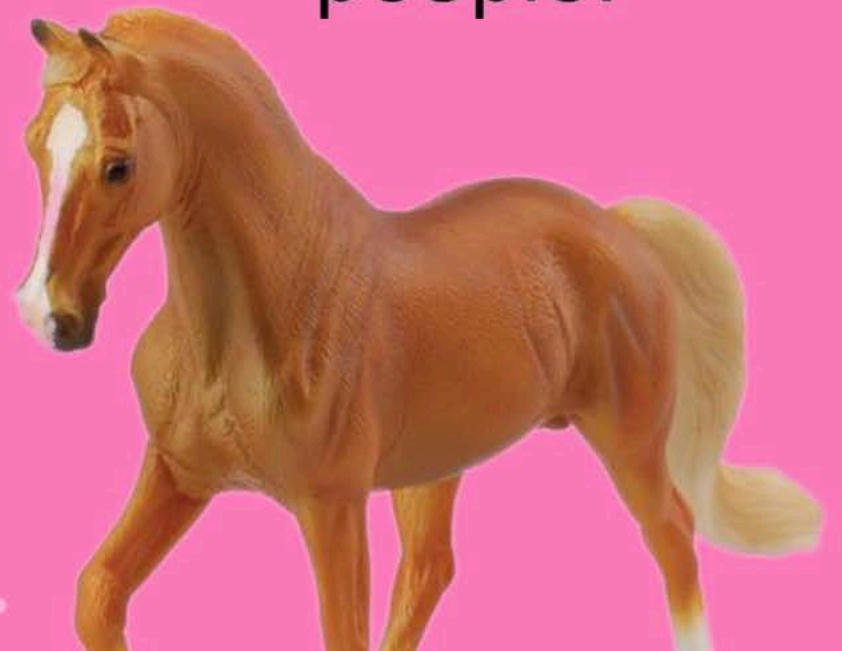

<

Haha yea

>

You attract the
weirdest fucking
people.

So I called him.
