

Ok I am ready to be  
loved now!

I will love you. 

noooo not  
you lmao

# What's your type?

Human shrek.

no you're too honest for your own good.

a fun fact about me is that this is the third day I haven't left my apartment. Let my progeny know grandmother did not go outside from 1/29/24-1/31/24. My room is dirty, all my dirty laundry is spilling out from under my bed and my sheets are dirty and my table is laden with empty bowls and cups. I've been relishing in it.

say what you will  
about my evil evil  
situationship but  
my room stayed  
CLEAN

U know when Nina  
Simone said: the  
other woman keeps  
fresh cut flowers in  
each room? lol I  
literally did.

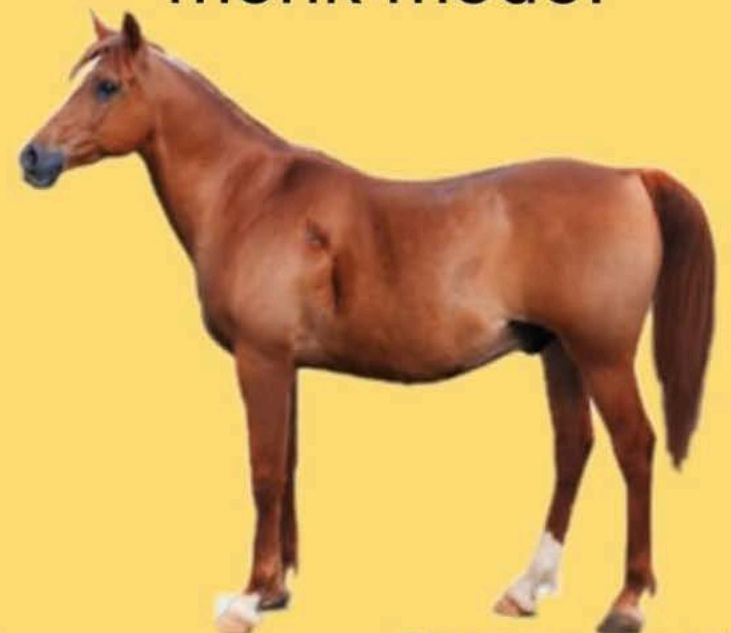

Have you considered  
recent events have  
ignited a bout of  
agoraphobia?

nah I'm just going  
monk mode.

this is me now btw

On the first day she  
ate a burrito for  
breakfast. On the  
second day she sat  
by the window and  
breathed cold winter  
air. On the third day  
she danced to troye  
sivan. Periwinkle  
boxers, black tank  
top, high socks.

chilling at home is  
timeless. Seeing the  
new rom com at your  
local regal theatre has  
too many implications.

One lover please!  
Someone sweet  
and honest  
please!
