

The fact that I have to  
go grocery shopping all  
by myself is a fucking  
crime

*I have to assemble  
my bed now 😭 what  
is this cruel irony  
like making a baby  
build their own crib*

*No one is knocking at my  
parents front door, waiting  
to be let in by my stern and  
tall and bald father who  
will ominously ask, what  
are your intentions for my  
daughter! So I have to be  
the one to ask! What are  
your intentions for me!  
What are your intentions  
for me!*

*nyc men fear  
me 🙏 I fear  
me 🙏 we are  
all shaking in  
our boots 🙏*

*I would like to do some reckless things  
that are bad for me, but I actually  
don't, I'm a sensitive girl*

*I feel most like myself when I'm  
thoughtful, when I know exactly where I  
stand.*

*Maybe it's more chill  
when you both don't  
want anything and  
both don't respect  
each other? But not  
respecting someone  
to balance the  
playing field just  
feels like? Revenge?  
Lmao hold my hand.*

*I am not a coward.*

*On the worst day I  
am still beautiful  
and blessed* 🎀

*I am doing very well.*
