

Sometimes? Sometimes  
sometimes I feel like, a  
crime scene in a crop  
top.

? You're a horse.

Sometimes? Sometimes  
sometimes I feel like, a  
crime scene in a crop  
top.

oh my god you  
have to stop  
objectifying  
yourself.

I feel like an object  
though sometimes like  
I'm just elbows and  
knees

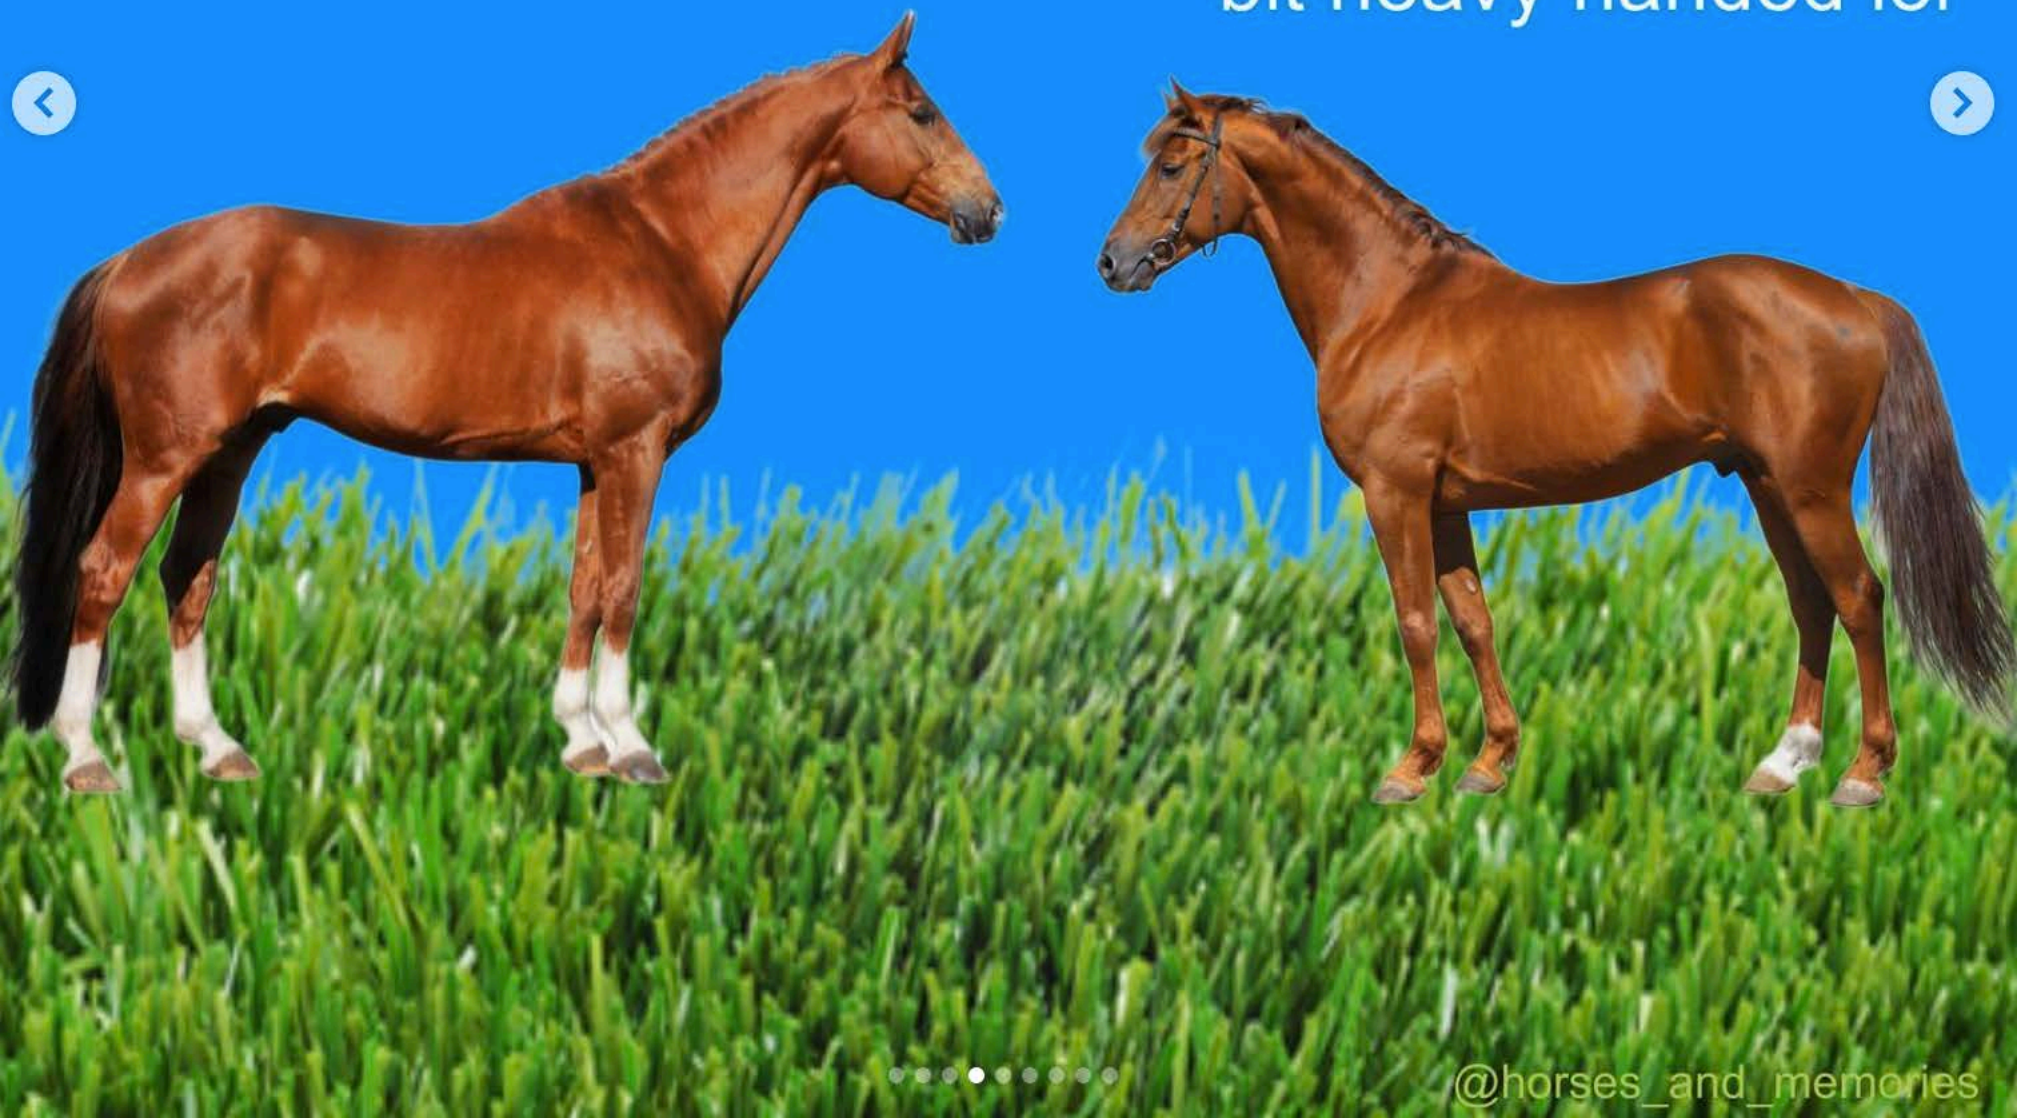

Yea and?

Lol ur not being very  
supportive

I just feel like that's  
the 7th metaphor  
you've evoked  
today it's getting a  
bit heavy handed lol

Well, I'm elbows  
and knees and a  
heavy hand and a  
scene of a crime  
then

ur also the scene of  
birthdays and potlucks.  
You're a real girl so you  
can be a lot at once, I know  
ur just trying to put words to  
how you feel but declaritive  
statements about your  
personhood like that are  
like? You know,  
detrimental. Shit would slap  
in a poem though

This is a poem  
though

No, this is a horse meme

I think about it  
a lot though.  
The body as a  
setting, the  
body as a  
room

Yea yea it's like,  
oh is it difficult  
being in the room  
where it  
happened? And  
it's like, not really  
cuz like, I am the  
room where it  
happened. And  
that's the hard  
part right?

It's also the easiest part. Im  
the room where everything  
happens, so it all gets kinda  
diluted, more palpable when  
more cute stuff happens. And  
cute stuff happens to me all  
the time. And also I dont know  
I like the thought of standing  
my ground in my own body.  
Coming to peace and making  
a home in it anyways.

Yea the cute  
stuff is definitely  
the cure.

Also. maybe therapy?

If I went to a therapist  
I'd just tell that girl all  
my metaphors.

Lmao true

And I'd like probably make a  
show out of it to

Lmao do I not give you  
enough attention?

I'm just a  
performer at  
heart<3
